

# SmartPrivacy Blinds

The best blade closure available in a timber venetian blind. No cord holes means less light leakage and better privacy.

Innovative headrail design that reduces light significantly when closed.

Cordless child safe operating systems certified "Best for Kids".

Wood harvested from sustainably managed forests with the option of Osmo, the most environmentally friendly coating. A safe, natural and eco-friendly stain finish.

Standard 50mm or larger 63mm slats for better privacy or view.

Patented 'Insta-lock' cord lock system designed for years of trouble-free operation.

Norman's wood blind slats are quarter sawn to enhanced stability and better resistance to cupping and warping.

Supplied with Norman's exclusive "No Questions Asked" 3 Year Warranty.
