

# Woodlore Plus Shutters

Woodlore Plus ensures good looks, trouble free operation and is safe for children and pets. Unlike PVC there are no known carcinogens and no known adverse health effects.

Boasts high impact resistant materials and remains strong and durable in the most trying environments. Also available in a full waterproof option, perfect for wet areas.

Provides excellent thermal insulation for your windows and doors. Reducing your energy costs and keeping your home cooler in summer and warmer in winter.

The LVL core provides a more structurally sound shutter when compared with competitors.

Coated with a durable, hard wearing and environmentally friendly water-based paint system.

Available in a huge choice of different paint colours with custom colours also available.

Features Norman's invisible EasyTilt louvre system. No unsightly and clumsy "hidden" tilt rods.

Offers all Australian homeowners an affordable quality shutter with a "trusted pedigree" from the world's leading shutter manufacturer.

Supplied with Norman's exclusive "No Questions Asked" 5 Year Warranty.
